SUMMARY

Recent CS graduate (USF, May 2026) with hands-on experience building AI-powered applications, training and benchmarking ML models, and integrating LLM APIs into production tools. Deployed real-world AI systems from an LLM-powered code analysis platform to a Gradient Boosting model at 93.5% accuracy. Available immediately.

TECHNICAL SKILLS

AI & ML	Claude API, OpenAI API (ChatGPT), Gradient Boosting, Feature Engineering, Scikit-learn, OpenCV, Pillow, Computer Vision
Languages	Python, SQL, JavaScript, R, C++, HTML/CSS
Data	Pandas, NumPy, Matplotlib, pdfplumber
Frameworks	Flask, SQLAlchemy
Databases	PostgreSQL, SQLite, MySQL

PROJECTS

FlakkAi AI Code Analysis Platform Python · Flask · Claude API · JavaScript
LLM-powered platform integrating Claude API to detect bugs, security vulnerabilities, and performance issues across 13+ languages. Engineered prompt architecture and response parsing to surface structured, actionable output.

Data & ML Mini-Projects Python · Pandas · NumPy · Scikit-learn · Matplotlib
Cruise Price Predictor trained and benchmarked 5 ML models (5,000 records, Gradient Boosting at 93.5% accuracy).
Customer Segmentation clustered 2,000 records into 5 behavioral personas with statistical correlation analysis.

FlakkOps AI-Powered Operational Intelligence Dashboard Python · Flask · SQLite · pdfplumber · Pandas
Automates manifest parsing and surfaces LLM-generated insights from raw shipment data. Reduced manual processing by ~80%. Deployed in production.

EXPERIENCE

Operations Manager (1st ASM) Jan 2020 – Present
[Skechers USA](#)
• Built FlakkOps, a production AI tool automating data ingestion and generating LLM-powered business insights
• Analyzed sales KPIs and operational metrics to identify trends and drive data-informed decisions
• Designed scheduling models to optimize staffing coverage and labor efficiency

Sales & Office Associate Jan 2017 – Dec 2019
[Three Seasons LLC](#)
• Managed inventory records, customer database, and appointment scheduling systems

EDUCATION

B.S. Computer Science · University of South Florida · Aug 2022 – May 2026
Coursework: Algorithms, Data Structures, Databases, Software Engineering

Associate in Arts · State College of Florida · Aug 2017 – May 2020 · Dual enrollment
